While Oriental Medicine has a great deal to offer as a health care system, it cannot replace the resources available through medical physicians. It is “recommended” that you consult a physician regarding any conditions for which you are seeking acupuncture treatment(s). This is a recommendation ONLY. The state of NY does NOT require an MD script for Acupuncture. If you are seeking Physical Therapy then it is important to check with your insurance company if a script is required.

I, (print name) _____ have been advised by Sundala Center for Wellness to consult a physician regarding the conditions, for which I seek acupuncture and /or Physical Therapy treatment(s).

INFORMED CONSENT

I consent to Acupuncture treatments and related procedures, associated with Oriental Medicine, by Bianca Beldini, L.Ac, Jodie Tassello, LAc or Marija Joksimovic, LAc. I have discussed the nature and purpose of my treatment with her and I understand that the methods of treatment may include but are not limited to acupuncture, moxibustion, cupping, gua sha and electrical stimulation.

I consent to Physical Therapy treatments and related modalities with Bianca Beldini, PT if being treated solely for Physical Therapy.

I have been informed that acupuncture is a safe method of treatment, but that it may have side effects including bruising, numbness or tingling near the needle sight, which may last a few days. An unusual risk of acupuncture includes spontaneous miscarriage, nerve damage and organ puncture. Infection is another possible risk, however since this office uses only sterilized, disposable needles while maintaining a clean and safe environment, this is unlikely. Burns and scarring are potential risks of using moxibustion.

I do not expect the acupuncturist to be able to anticipate and explain all possible risks and complications of treatment. I wish to rely on the acupuncturist to exercise judgments during the course of treatment, and decide what she thinks is in my best interest, based upon the facts that are known at the time. I understand that the practitioner and administrative staff may review my medical records and reports, but all of my records will be kept confidential and will not be released without my written consent.

I will notify the Acupuncturist or Physical Therapist, who is caring for me, if I become pregnant.

By voluntarily signing below, I show that I have read or have had read to me, this consent to treatment. I have been told about the risks and benefits of acupuncture and other procedures and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for both the present condition and for any future conditions for which I seek treatment(s).

If you have a specific contracted amount for copayment/coinsurance, that amount is due on each visit. You will receive an invoice monthly from our billing company Billeeze reflective of your co-insurance responsibility.
